

## Spot Em

JayDaYoungan

Just put a magnum on the bottom of my glock  
So if we walk down, we ain't gon' rob him, he get shot  
He bang 23k so if we spot 'em, he get dropped  
Causing hell like fuck 12, they want me rotting in a box  
If the police pick me up, I cut my eyes like I ain't see shit  
One nigga slide in a two seater, I'm clutching three sticks  
Catch him and he done, he try to run, I hope his feet quick  
Speaking on my name, bitch, that's a easy way to bleed quick  
And when he blow, chapo get close to make sure that his meat show  
No d. rose, take two shoots to the throat, now that's a free throw  
Or give him 15 out the magazine, no tim tebow  
Put one between his eyes like he got hit up through the peephole  
Pissed off, right now my dick soft cause all my meds gone  
Love fucking on them perkies so my bitch can give me head long  
Big dawg come with a risk cost cause that's a head stone  
Can get you picked off, just for rollie, you get stepped on  
Doing my homework, looking for a bitch to finesse on  
Sweet talking this opp hoe, got the drop and it's a red bone  
He gon' think with his dick so send a bitch who got the best dome  
Bitch, tie your shoe  
Watch how you move cause you gon' lose if you step wrong  
Bitch, it's cutter season, left your brother leaking, broad daylight  
Don't watch tv, fuck abc, gon' show you what the k like  
Fuck taking shots on social sites, my niggas tryna take lives  
They gon' go  
I tell 'em score and that's some shit I ain't gotta say twice  
Just put a magnum on the bottom of my glock  
So if we walk down, we ain't gon' rob him, he get shot  
He bang 23k so if we spot 'em, he get dropped  
Causing hell like fuck 12, they want me rotting in a box

I don't know what you've been told  
Big glock course with the stick, without the stock, what I tote

A.r. with flash and it came with a scope  
We gon' run down fast, he dying slow  
Ain't using no mask, hop out and blow  
I got it on me, It's fuck the opponents  
He act like he want, run down and dome him  
Hit the lights and bend the corner  
Don't drive-by, we get up on him  
Post in his yard like I'm the the owner  
Put shit to rest like I'm corona  
Smoke his ass, bitch, I'm a stoner  
No leg shots,  
Just put a magnum on the bottom of my glock
