JayDaYoungan

Oh-ohh

Just cashed out on a chain, shit come straight from Johnny Dang  
Clear my mind (The Heroes), I need to clear my mind

Sometimes I need to clear my mind  
My pain, need this out of sight (Oh-ohh)  
I told my girl I'm tired of tryin'  
I told my girl I'm tired of lyin'  
I told my niggas that I'm ridin'  
Put my lil' life on the line  
I told 'em "We gon' all survive"  
I told 'em "We gon' all survive"

I just cashed out on a ring  
And I just cashed out on a chain  
The shit come straight from Johnny Dang  
Come straight from Johnny Dang  
Since you speakin' on my name  
We gon' come bust your fuckin' brain  
So pussy boy, stay in your lane  
Pussy boy, stay in your lane  
In this game it ain't no love  
Bitch, you can't give no dog no hug  
That's what it is, fuck what it was  
Fuck what it was  
Behind this shit, my niggas had to take some slugs  
Forever 23 until my time up (Until my time up)  
Sometimes I won't know when I'm wrong  
All day I be callin' your phone  
All night, I'm not alone  
Through the night I be seein' you moan  
Let's make it right, let's move on  
I'ma hold you tight right up in my arms  
They wanna know what the fuck is we on  
Ain't no competition, we already won (Ohh-ohh)

I done ran up me some money but I need more (I need more)  
I done been through Hell, but left the past behind me, though (Behind me, though)  
I ain't dazin', no, so, bitch, you bet not try me, no (No-oh)  
My eyes bloody, you can see I need some Visine, oh

Sometimes I need to clear my mind (My mind)  
My pain, need this out of sight  
I told my girl I'm tired of tryin'  
I told my girl I'm tired of lyin' (Tired of lyin')  
I told my niggas that I'm ridin'  
Put my lil' life on the line (Ohh-oh)  
I told 'em "We gon' all survive"  
I told 'em "We gon' all survive"  
Sometimes I need to clear my mind (Clear my mind)  
My pain, need this out of sight  
I told my girl I'm tired of tryin'  
I told my girl I'm tired of lyin' (Tired of lyin')  
I told my niggas that I'm ridin'  
Put my lil' life on the line (That I'm ridin')  
I told 'em "We gon' all survive" (All survive)
