

Take Off

JayDaYoungan

(But now it's time to take off
But now it's time to take off)
(HeartBeatz on the track)

I waited long enough, but now it's time to take off
I was working all night and I ain't have no days off
Make myself a boss, 'cause I just like to make calls
Bitch it's game seven and we ballin' like the playoffs
One call and that's all, can erase y'all
Wanted me to fall off, well guess what? You can stay lost
If you wanna tell the truth, bitch, I made y'all
But whatever you goin' through, don't let it make or break y'all
l

Work hard, no sleep
Had some long nights when I ain't eat
I'm everything that they had wanted to be
Be careful, lil' shawty was pointin' at me
We all know the truth, they weren't humble like me
Bitch niggas talkin' 'bout stompin' on me
You got me fucked up, you know I was gon' squeeze
Been riding all week with my gun on the seat
I received his death wish, but it's okay, y'all
'Cause when we catch him late night we gon' knock his face off
Bitch all you do is talk, and all we do is stalk
I feel like fuck 'em all, ain't never hate on y'all

I waited long enough, but now it's time to take off
I was working all night and I ain't have no days off
Make myself a boss, 'cause I just like to make calls
Bitch it's game seven and we ballin' like the playoffs
One call and that's all, can erase y'all
Wanted me to fall off, well guess what? You can stay lost
If you wanna tell the truth, bitch, I made y'all
But whatever you goin' through, don't let it make or break y'all
l

(I made y'all
To tell the truth, I made y'all
To tell the truth, I made, I made y'all
Lil' boys, I made y'all
To tell the truth, I made y'all
Might snatch your shit, I made y'all)
