

# Taking Over

JayDaYoungan

I remember days I ain't have shit  
I was just a youngin tryna hit a lick  
Now everybody hoppin' in my fuckin' mix  
Now everybody hoppin' on my fuckin' dick  
I don't understand all this feelings shit  
When I was doin' bad, they ain't give me shit  
I just sit back and reminisce  
I just sit back and reminisce

But I'ma let my pain talk to 'em  
I'ma let my pain talk to 'em  
In the rain, I had to walk through it  
In the rain, I had to walk through it  
But I'ma let my pain talk to 'em  
I said I'ma let my pain talk to 'em  
In the rain, I had to walk through it  
In the rain, I had to walk through it

I been feelin' misused  
Lately I been so confused  
No, I don't know if it's me  
Or maybe it could be you  
I talk to God 'cause all my dreams come true  
I don't like to talk about things that I do  
Arguments seem to always bring out the truth  
But I never tell 'em all the things we been through

But I'ma let my pain talk to 'em  
I said I'ma let my pain talk to 'em  
They don't understand the shit I been through  
They won't understand what I went through  
I'm livin' in this life from the outside  
Somebody gotta lose, we can't all win  
It seem all life end with violence  
Put it all on the line 'cause I'm all-in

Caught myself takin' them Percocets  
Jay, I thought you was done with this  
Thought you was, but you back again  
But I ain't sip the Ac' again  
But you picked up the cup again  
But this is not the Actavis  
Just don't look back again 'cause they gon' laugh again  
They want you back with them, down on your ass again  
I'ma die a real nigga, fuck what he told you  
I been up all night, fuck a sleepover  
Heart real cold, I'm a heat-toter  
Mama threw me in that water, I ain't need floaters  
Sold a pack, stole the back and then I resold it  
I won't freeze, hit the weed if the police on us  
On the streets, real Gs, you niggas be phony  
If you feel that nigga creep, better sleep on it

I know that somebody creep  
Somebody creep  
I now they right next to me  
They right next to me

They wake me up out my dreams  
All up out my sleep  
I swear it's the cost to live  
This shit don't leave  
My heart has been taken over  
My mind has been taken over  
My body's has been taken over  
My mind has been taken over  
My soul has been taken over  
My soul has been taken over  
My soul has been taken over
