

War Tonight

JayDaYoungan

I don't speak on what I did
I speak on what I saw
I done been through so much pain
Can't take another loss
Shit'll never be the same after you threw that cross
I'm a dog behind my name 'cause that's what I've been taught

I talked to god the night the devil laughed at me, yeah
I clutch the rifle so tight they want me on their team
Pussy Bitch let's go to war, tonight it's gon' be you and me
They didn't know I had the heart
There's so much they didn't see
Bitch it's Forever 23, I had to find a way to eat
Posted up on Bunton street
I had the pack moving for cheap
When I didn't have it they was laughing
They ain't give a fuck bout me
They was flashing, I was stacking
Straight finessin' every week

I do me, but what you think?
I smoke loud, Vicious thing
Bitch ask me, do I drink?
Told that hoe I sip lean
My new bitch been ridin' them jeans
[?] new mony, been blowin' that green
My new rifle, it came with a beam
Bitch you can get it, fuck you and your team
Walk in, a half quart, with a bag on me
Case for the drugs, got the gas on me
I can buy a four [?], it'll last for a week

Pain got me scarred, no I'm never happy
Lotta shit changed when I started rapping
Lord they missed, the purse got me scratching
They say that I'm and addict but I gotta have it
Come get at me Bitch, I've been a savage
You won't catch me slippin', I stay with my ratchet
Fuck you, your momma and your bitch ass daddy

I don't speak on what I did
I speak on what I saw
I done been through so much pain
Can't take another loss
Shit'll never be the same since you threw that cross
I'm a dog behind my name 'cause that's what I've been taught

When I didn't have it they was laughing
Didn't give a fuck bout me

They was flashing, I was stacking
Straight finessin' every week (like every week)

They was flashing, I was stacking
Straight finessin' every week
