

Last night I had a dream of outer space  
But it wasn't very far away, wasn't something that I had to chase  
It was almost like it was a part of me  
I think it's where I'm meant to be

So if I don't come back  
You don't need to wonder where I'm at  
I'll be there, so don't be scared

And if you miss me, well, don't you worry  
Just look up at the sky at night  
You see that star you're starin' at  
That's me shining bright  
And if you listen close enough  
You'll hear me whisper memories of us  
In this new galaxy

Ooh, ooh, ooh  
Ooh, ooh, ooh, ooh, ooh  
Ooh, ooh, ooh, ooh, ooh

It's not your fault, you did nothing wrong  
In fact you're the reason I stayed so long  
I don't wanna miss you but I do  
You are the only thing here that feels true

And if you miss me, well, don't you worry  
Just look up at the sky at night  
You see that star you're starin' at  
That's me shining bright  
And if you listen close enough  
You'll hear me whisper memories of us  
In this new galaxy

But baby when you say, "Please stay"  
My whole mind is changed  
I can't go away, no, not today  
Not after you say, "Stay"  
Maybe, maybe, maybe I should stay  
Or maybe, maybe, maybe I should stay, stay, stay

And if you miss me, well, don't you worry  
Just look up at the sky at night  
You see that star you're starin' at  
That's me shining bright  
And if you listen close enough  
You'll hear me whisper memories of us  
In this new galaxy

Hoo, ooh  
Hoo, ooh, ooh, ooh, ooh
