

Gameboy

Jayden Bartels

Stop it, you won't stop it
Cuz you like it, when I fight it
So controllin', push and pullin'
I can't pause this, interaction

I know I pretend it's nothin'
But you know how to press my buttons
I just gotta say what's on my mind
Cause I'm so done with runnin'

So don't you try to play me like a game, boy
I'm so sick and tired of your games, boy
You just always tryna play me
And I know and I know
Cause I'm playin' too
I'm so sick and tired of your games, boy
Don't you try to play me like a game, boy
You just always tryna play me
And I know and I know
Cause I'm playin' too
These games that you play
Imma play em too

Expect the unexpected
Cuz you have been selected
It's time to play this game
Plug it in, connect it
Ooh...
This game is never ending
Ooh...

I know I pretend it's nothin'
But you know how to press my buttons
I just gotta say what's on my mind
Cause I'm so done with runnin'

So don't you try to play me like a game, boy
I'm so sick and tired of your games, boy
You just always tryna play me
And I know and I know
Cause I'm playin' too
I'm so sick and tired of your games, boy
Don't you try to play me like a game, boy
You just always tryna play me
And I know and I know
Cause I'm playin' too
These games that you play
Imma play em too
