

I Love U 2 Much, Bye

Jayden Bartels

Fly me to the Moon
I know it's not real but we can be like cartoons
Float away in our air balloons
We can touch the clouds and watch the sunsets bloom
I wanna forget about all of your mistakes
I wanna forgive you for showing up too late
I wanna forgive you for not asking how I feel
I wanna get out of this unfair place
Where everything's 'bout you but it's too late
Cause I'm still here
You're still very real
I can feel you in my heart
All your words crowd all my thoughts
And your touch stings like a bee
But I still keep you around me
Around me

I've been here for a while
Runnin' in circles like a child
I don't want to be stuck to you
But my heart is covered in glue
It feels like I'm stuck in just one space
And you're the thing I gotta erase
Cause when you're with me
It feels like I can't dream
Of the places of where I wanna go
Without you and I'm all alone
Cause all I need is to be free
But I can feel you in my heart
And your touch stings like a bee
But I still keep you around me
Around me

Hey, It's me. I don't know what to say, I don't know how to put this. I'm sorry. I think I love you too much. Bye
