

New You

Jayden Bartels

If you think I'ma stand around and wait for you
Then you've got some nerve dude
Cause I don't belong to you
I'm allowed to live my life how I want to
And I want it to be with you
Even after all we've been through

But you took all my chances and threw 'em down the drain
You ignored all my love and leave me in pain
That's why I'm singing to you

So you can go and find someone new
Because we are through
And by the way, I hate your new hairdo
And I don't mean to come off rude
But I miss the person I once knew
Yeah, I'm over the new you

I'm over the new you
Over the new you (over the new you)

If you think a rose might just win me back again
Well, you know I love them
But you already tried that
We both know that I had you at first glance
And it's obvious you want me back
Baby, you had your chance

Cause you took all my affection and threw it down the drain
That's why our love ended, and I'm not the one to blame
That's why I'm singing to you

So you can go and find someone new
Because we are through
And by the way, I hate your new hairdo
And I don't mean to come off rude
But I miss the person I once knew
Yeah, I'm over the new you

I'm over the new you
Over the new you (over the new you)
I'm over the new you
Over the new you (over the new you)

But maybe I overreacted
Maybe I should give you more chances
Nah, I'm just kidding
I'm over the new you

So you can go and find someone new (find someone new)
Because we are through
And by the way, I hate your new hairdo (hairdo)
And I don't mean to come off rude (well, maybe I do)
But I miss the person I once knew
Yeah, I'm over the new you (over the new you)

I'm over the new you

Over the new you (over the new you)

I 'm over the new you

Over the new you
