anemic

jaydes

Yuh, aye
And my old bitch really lost it
That drunk shit, it get toxic (You have no-)
That molly shit get toxic (You have no heart!)
Something like hypnotic
Smoke my breath, I, yuh
Smoke my breath, I lost it
Been coughin' up exotics, so codeine fuck up my wallet
Piss boy, you not it
Smoke like me, you get nauseous
Bitch just wanna slide wit' the gang (Yuh, yuh)
She gon' say, "Fuck it" and hang
I'ma- I'ma say, "Fuck it" and hang (Hate, ya, hate, ya)
Me and you just not the same-

Yuh, aye
And my old bitch really lost it
That drunk shit, it get toxic (You have no-)
That molly shit get toxic (You have no heart!)
Something like hypnotic
Smoke my breath, I, yuh
Smoke my breath, I lost it
Been coughin' up exotics
So codeine fuck up my wallet
Piss boy, you not it
Smoke like me, you get nauseous (Piss)
Bitch just wanna slide wit the gang (Yuh, yuh)
She gon' say, "Fuck it" and hang
I'ma- I'ma say, "Fuck it" and hang (Hate, ya, hate, ya)
Me and you just not the same (Aye, yuh)
How about you stay in yo' lane? (How about you stay in yo' lane?)
You gon' have to stay in yo' lane (You gon' have to stay in yo lane)

And I shouldn't have to say
If I buss at a nigga, my niggas, hit stain
We pull up, take brains and then we gon' dip
Why these niggas lame? They know what I did
We puttin' on bread now my niggas hip
Pretty bitch on me, she tryna take a trip
Bad bitch on my phone off the rip
I saw walls close in on me
Trauma that you unloaded on me

Like, I'm really feenin'
Like, I'm really feenin'
I really lost feelings
I don't know, you feel me
But I'm really feenin', oxy like anemic (Aishi!)
And she think she need me, but won't pass that shit
You know I ain't mean it (I ain't mean it)

(Bleh, bleh)
Ha, yuh, yeah, pull up, all that money, I get it
Steppin' out of line, nigga, that's why I dead it
Crazy, I once seen a hoe go mental
Give her good dick, now I ask if she forget him
World class hoe, bet the hoe need a medal

This the type of shit that make you sing falsetto
(Scream in that pussy like that shit black metal)
