Don't you really wanna see me go?  
Fuck it, there's no reason to stay  
I'm posted up, that scar ain't 'til I know  
I feel the misery every day  
I feel the misery every day  
I see your girlfriend, every side of my face  
I use a thirty when I hold her hostage  
I've got a lever, but I might need the way  
She finna seethe in the Hot Topic  
Said to her, "Girl, I don't really wanna pay"  
I'm too broke, I don't even got a dollar (A dollar)

(Put my ass on the spike, I'm devolvin') Devolvin'  
I don't want her to look down, I'm starvin' (I'm starvin')  
I don't want you to hear when I'm callin' (I'm callin')  
I don't even wanna look when you bawlin'  
(Wow)

Die, die, die  
Die, die, die  
Die, die, die, die, die, die, die, die

Don't you really wanna see me go?
