Ai- aishi

Way too high to let y'all down

Jaydes Christ never sell out

I just need a foreign bitch (You have no heart)

I just need a foreign whip

I won't ever waste my time again

Not with no boring bitch

If you bunny, hit me up

That's just the fundamentals

Where you take it?

Baby girl, I already smacked

I think she tryna sit with me

I'm too high, I'm in the clouds

Way too high to let y'all down

Jaydes Christ never sell out

I just need a foreign bitch

I just need a foreign whip

I won't ever waste my time again

Not with no boring bitch
