

I  
Can't, but I would  
I shouldn't, but I should  
'Cause it feels so good  
'Cause it feels so good  
What you want me to do?  
I had it all to lose  
But did it for you  
But did it for you  
All I wanted to say  
Is, "Do what you may  
Not what you should, you want"  
'Cause I do what I want and what I wanna do  
I had so much to lose  
But did it for you  
But did it for you

Girl, I did it for you  
I did it for you, I did it for you

I  
Can't, but I would  
I shouldn't, but I should  
'Cause it feels so good  
'Cause it feels so good  
What you want me to do?  
I had it all to lose  
But did it for you  
But did it for you  
All I wanted to say  
Is, "Do what you may  
Not what you should, you want"  
'Cause I do what I want and what I wanna do  
I had so much to lose  
But did it for you  
But did it for you

Girl, I did it for you  
I did it for you, I did it for you
