Maybe I should take your phone, you filthy animal
So naked, where are your clothes? You filthy animal
Hollow tips right through your bones, you filthy animal
Text me when you're alone, you filthy animal

Bloodlust, I hear, you're smellin', you reek
You barely know it's death that you seek
Starve me, use me, and abuse me
Starve me, use me, and abuse me
Starve me, use me, and abuse me
Starve me, use me, and abuse me
Bloodlust, I hear, you're smellin', you reek
You barely know it's death that you seek
Starve me, use me, and abuse me
Starve me, use me, and abuse me
Starve me, use me, and abuse me
