Destroy myself  
'Cause I like toyin' with you  
Let's make out in front of them  
And get drunk when I'm toyin' with you  
Let my whisper torture you  
It's gonna if you don't want it to  
It's that I was so shut out as a kid  
Mom had always told me shut my lips  
Destroy myself  
Even when you don't want me to  
You make me so hard, I can't stop drinking and choking on vomit
