Maybe acting passive
(Yo, Silo killed this shit)
Yeah, yeah, yeah, yeah, woah

Yeah, maybe acting passive but I really keep a semi on me
Guess it's always snowin' hella white hoes, I got plenty on me
If I'm feelin' generous, I'll take her to a Benibachi
Her nigga watching, too bad that he won't do shit
I'm making money too quick for me
I know he sick watchin' me just take his bitch from him
I don't wanna sound like niggas up on TikTok
But your bitch pushin' my agenda
I get my money from there and I spend it
That's not your car nigga, that's a rental (Yeah, yeah)
Why your ho want me over you?
Bitch, don't make me choose
You got everything to lose and I'm just countin' up my blues
Fuck yo' bitch and gave her back, the world that we live in is cruel
'Cause I'm the shit man, livin' proof
