(I didn't know you were going to be at the club but you ended up being at the club)

(Huh, what you did)

(You know what you did, huh, you know that shit was bad)

Guess I hate my life, I hate everybody in it  
Pray for bad things every day that I'm livin'  
Asked the Baphomet if you're ever gonna get it  
So self-sacrificed, I walk around headless (Fuck)

Rockstar shit, I'm still bleedin' from my wrist, bitch  
I fuck with browned up hoes, I do coke with cocoa bitches  
Murder 'round the pump, you know I got tags by the image  
Put him on LiveLeak, that's how we take him off the hit list  
These niggas, shut the fuck up, bro, you not him  
Break everything inside of the Benz until you lost it  
I can't hold your hand, ho, so I cut my shit open  
I'm only your friend when yo' pussy and yo' legs open  
I can't hold your hand, ho, so I cut my shit open  
I'm only your friend when yo' pussy and yo' legs open

Guess I hate my life, I hate everybody in it  
Pray for bad things every day that I'm livin'  
Asked the Baphomet if you're ever gonna get it
