

# repent!!!

jaydes

I don't give a fuck

I don't give a fuck  
I'll make you repent  
You rip out your lungs  
Kill you, meet your end  
Fuck all in your head  
No cap, I feel numb  
You'd feel better dead  
Come with me instead

I'ma take off his head in the moshpit  
Leave him fuckin' dead and forgotten  
I've been feelin' the same for a lot of years  
There's a smirk on my face, but it's rotten

I don't give a fuck  
I'll make you repent  
You rip out your lungs  
Kill you, meet your end  
Fuck all in your head  
No cap, I feel numb  
You'd feel better dead  
Come with me instead
