Now this hoe think imma save her  
She do this all the time  
Jaydes Christ is not your savior  
Got too much on my mind (I got too much on my m-)  
You won't understand- Bitch, haha  
(Yeah, Yeah, Yeah)  
You won't understand me if I try to tell you  
So I'd rather just not  
(DJ Phat, Fuck these niggas up) (you have no heart)

You won't understand me if I try to tell you  
So I'd rather just not (I'd rather just not)  
You won't understand me if I try to tell you  
So I'd rather just not (I'd rather just not)  
Just focus on the plot  
Hoe, I'm posted in my Miami  
Gas in my wood, and my pockets full of guap  
500 for a top, but spent 0 on his chain?  
Tell my niggas, "get me right"  
You should watch how you behave  
We won't rob you, but we might
