

(You have no heart)

Yeah

Pretty ho gon' ask me if I'm famous (Okay)

Gas got me sedated, put my blunt out on the pavement (Pavement)

She said she in love, I fell in love with my hiatuses

Julie think I'm conceited but askin' what the latest been (Askin' what the latest been)

I don't know, just chasing it, huh

I really need me a bad bitch, um, pretty with similar habits, um

Sex, money, drugs, you can have it, um

She need to know she a bad bitch, yeah

I really need me a bad bitch, um, pretty with similar habits, um

Sex, money, drugs, you can have it, um

She need to know she a bad bitch

She got a man, but still hittin' me up

She off the Henny, she want a new cup

She seen my status, now she wanna fuck
