

take you away

jaydes

Take me home after we get done
I wanna know, I wanna know what turns you on
Take me away, take me away
Take me away, take me away
Take me home after we get done
Take me home after we get done
Take me home after we get done
I wanna know, I wanna know what turns you on
Take me away, take me away
Take me away, take me away

Take me home after we get done
Take me home after we get done
