

Certain Man

JayKae

Ay

Nah nah nah nah nah that's not me
Cause I'm putting my city on the map properly
Can't rap properly
Wanna talk bout clash but they're not coming out like Black Ops 3
Are you sure?
They don't want war
Bet it comes out like Black Ops 4
Got bare bodies I can add one more
Mans in his yard us man are on tour
Man get greeze and a man are on Raw
Bang man out make him stand up some more
Got a toolbox in the boot, spanner and saw
Stand up tall bandana in court
Backchat now what you having it for?
I ain't having it no more man are just bored
More time smoked out cannabis lord
Jaykae there's no man of this sort

Yeah cause certain man'll go jail for their boys but they won't go shop for
their mom
And certain man'll go run for a gal but if I need help that's long
And certain man will come smile in your face but really they hate on the sly
We get money all year so we don't really care it just proves that you ain't
one of mine

Real like that
Back then I never had a mill like that
This is real life rap
Too real like that
Oh yeah now they wanna steal my chat
Start dealing me facts
We was only little kids beefing with straps
And a big man told us "you need to relax"
Still up in the ends same people in fact
You can ride shotgun I'm getting seized in the back
Like inhale exhale blowing out stress
See man going I ain't going out next
Know about me you're gunna know about Depz
I'm gunna go where I wanna go and run around yes
Can you go where you wanna go and run around? no
I'm in the studio not the bando
Shutdown the place anywhere man go
And I'll slap man up take his girl home

Yeah cause certain man'll go jail for their boys but they won't go shop for
their mom
And certain man'll go run for a gal but if I need help that's long
And certain man will come smile in your face but really they hate on the sly
We get money all year so we don't really care it just proves that you ain't
one of mine

And it goes like which other grime MC at 16 had a shotgun with two rottweile
rs
Pull up on your block like who wants violence? Yeah
You wanna try us nah

Come to the raves got the rooftop climbers
Come to the chase got a few hot drivers
Gotta get away from the blue cop sirens
Big man ting while you lot are minors
Recognise
Step aside
We only deal with the heavy vibes
Is that your girl I might make it mine
I'm a big man but I'm not 25
It's like energize
Oh yeah blud I got the grime scene petrified
Violate me I won't let it slide
Any wrong I've done's been rectified

Yeah cause certain man'll go jail for their boys but they won't go shop for
their mom
And certain man'll go run for a gal but if I need help that's long
And certain man'll come smile in your face but really they hate on the sly
We get money all year so we don't really care it just proves that you ain't
one of mine
Safe

Cause man are like "Jaykae where have you been?"
Don't watch nuttin
Got this shit boxed are you mad?
