JayKae

Dreams can come true

Dreams can come true
Look at me babe, I'm with you
You know you gotta have hope
You know you gotta be strong

Dreams can come true
Look at me babe, I'm with you
You know you gotta have hope
You know you gotta be strong

Dreams can come true
Look at me babe, I'm with you
You know you gotta have hope
You know you gotta be strong

I had a dream to rock the mic scene
I was doing that since I was thirteen
MC Grindah and a DJ Beats
Make you get up on the riddim move your dancing feet
I had a dream to rock the whole nation
World wide like wrestling federation
Beats came thru said turn up the bass
then Jay came through with a big zoot blazin

Step to the side when the mandem arrive
Better stand up still with your hands to the side
Garage MC I'm a champion of Grime
Wanna step in my shoes couldn't handle a night
I get reloads when I get my hands on the mic
Miss with the left get banged with the right
Dreaming dreaming I can't stop dreaming
Stay awake you don't wanna see me on side

Dreams can come true
Look at me babe, I'm with you
You know you gotta have hope
You know you gotta be strong

Dreams can come true
Look at me babe, I'm with you
You know you gotta have hope
You know you gotta be strong

I had a dream to rock the mic scene
To rock the mic scene
I had a dream to rock the mic scene
Get up on di riddim move your dancing feet

I had a dream to rock the mic scene
To rock the mic scene
I had a dream to rock the mic scene
Get up on di riddim move your dancing feet

I'm like mmm mazalina
new whip is a screamer

Blue trace on the beamer
Got a semi when I seen her
Ooo you nasty geezer
Call me the pum pum teezer
How many shots of tequila
I dunno I dunno I'm a dreamer

Cos MIST with Kurupt and Jay pon a track

My Dreams are coming through

Cah the UKG yeah we bringing it back

My dreams are coming through

We're running this ting yeah you know the crack

So what you gonna do?
Stepping out a blacked out bimma with a platinum plaque
My dreams are coming true

Dreams can come true
Look at me babe, I'm with you
You know you gotta have hope
You know you gotta be strong

Dreams can come true
Look at me babe, I'm with you
You know you gotta have hope
You know you gotta be strong

I had a dream to rock the mic scene
To rock the mic scene
I had a dream to rock the mic scene
Get up on di riddim move your dancing feet

I had a dream to rock the mic scene
To rock the mic scene
I had a dream to rock the mic scene
Get up on di riddim move your dancing feet

I'm like move shake bubble and a wind

Two step when I walk inside

Move shake bubble and a wind

Dis riddim make you dance all night

Move shake bubble and a wind

Two step when I walk inside

Move shake bubble and a wind
Move shake bubble and a wind inside!

So close your eyes, tilt your head back
Put your hands into a Jesus position
Look at the sky, take a breath
And with that one breath as you blow out
Just make sure that your dreams come true

Dreams can come true

Look at me babe, I'm with you
You know you gotta have hope
You know you gotta be strong

Dreams can come true
Look at me babe, I'm with you
You know you gotta have hope
You know you gotta be strong

I had a dream to rock the mic scene
To rock the mic scene
I had a dream to rock the mic scene
Get up on di riddim move your dancing feet

I had a dream to rock the mic scene
To rock the mic scene
I had a dream to rock the mic scene
Get up on di riddim move your dancing feet

They say dreams can't come true
Then how are MIST and Jay on a tune
With their idol MC Grindah
Cos I did it for the fans, for the fans, that's you
You're welcome
