I'm the hood's hottest  
I'm the hottest in my hood  
You best believe me cause I'm not misunderstood  
You're not a shotter not a thug  
You're a proper little mug  
Yeh I'm trying to start a fire  
Catch me chopping up my wood  
There's nothing popping in your hood  
Man a shottin in your hood  
If you want it I can get it  
Yeh I got it from the blog  
But I came up from the mud  
I came up on some credit so good  
I'd probably go back to college if I could  
Fuck it, roll me up some bud though  
Thinking bout nuff though  
Sit back, bust dro  
Who's behind the gunsmoke?  
Now they round my nuts though  
How come? Fuck knows  
Probably cause respect don't cost shit I show the utmost  
And so it gets shown back  
Glad I got my own back  
And if there's a profit to it  
Then I probably sold that  
I ain't trying to go back fam  
Are you mad?  
The music ting miss me  
But I needed more stacks  
So I had to go trap

Lucky I can rap  
Now I'm counting money on my lap  
You won't see me getting gassed  
Lucky I can rap  
Blowing up the fully on the map  
Are you Mad?

I'm the hood's hottest  
I'm the hottest in my hood  
You best believe me cause I'm not misunderstood (Small Heath, yeh)  
I'm the hood's hottest  
I'm the hottest in my hood  
You best believe me cause I'm not misunderstood

I told em bring me in some cannabis  
Moving like my savages  
Made your parents' salaries  
Paid em for the damages  
Putting on some calories  
Man a eating good now  
And if you fuckin mad at this

Then watch me put my foot down  
Big size 11 don  
Jog or fuckin pedal on  
Now you see him, now you don't  
You want him gone, I'll get him gone  
Why you always taking long?  
Different paths we're set upon  
Never had a Dad so  
Imma be a better one  
So stop with all the death threats  
Better place your next bets  
Chilling playing FIFA probably listening to Remtrex  
Can your face bench press?  
Didn't think it could though  
Done a hoods hottest, are you even in the hood though?  
They ain't seen bud grow  
Tryna cop the Hublot, tryna cop the Lambo  
Shottin in a Punto  
Wargwarn, Dun know, everything sho sho, ask me a photo  
Better doing this than fucking running from the popo

Lucky I can rap
