Are you ready?!

Man know the game, lidocaine, novocaine  
Hide your pain up your nose again  
Sniff that till you don't know your name  
I said sniff that  
Trust man know the game, lidocaine, novocaine  
Hide your pain up your nose again  
Sniff that till you don't know your name  
I said sniff that till you don't know your name  
Yeah, they all go mad when it runs out  
They all go mad when it runs out  
Eyes light up when it comes out  
No freebies get funds out  
They all go mad when it runs out (Trust me)  
Just see all go mad

Yo, I come through like Johnny Depp in Blow  
Lookin' like I stepped in snow  
Yeah I knew one millionaire and the coke ting left him broke (Joke)  
He had too many debts involved and his girlfriend left him, cold (Cold)  
Yeah the thing gets bashed in two, and they'll ask if you pressed it (No-no-no)  
When they want a.2 who do they point to? (Who?)  
Blood, it's all over your bank notes, it's over your coins too  
And man work all week just to drown their sorrows and blow it on sniff  
And nah I don't judge no one I just wait and see who starts comin' on diff,  
yeah  
Sometimes it gets all too much, them times when you bought too much  
Yo my G take time and that, 'cause that shit makes you talk too much  
And your favourite celebrity is on it and some man build integrity from it  
I can see it in your eyes it's blatant to see, blood nobody said you was on  
it, trust me

Man know the game, lidocaine, novocaine  
Hide your pain up your nose again  
Sniff that till you don't know your name

And it's Rem-Remtrex  
Gotta link that sale (Gotta loop that)  
Food gets pressed but it's still fire  
Will send you off the rail (Off the rail)  
Under covers, acting like binmen I see you on the tail  
And if I'm slangin' by next year, then in this music thing I did fail (Fail business)  
Got your girl sayin' "I wanna sniff some yayo"

But we don't sell smalls, you can take that piece that was left on the scale  
Better sniff that all up and not leave no trail (No trails)  
When it runs out people are off the rail (Mad ting)  
Fish scale, like Al Pacino  
Feel like I'm Scarface livin', two girls with me, at casino (Mad ting)  
I know some big boy bosses, look at the stamp in [?]  
Where them bits came from, if it's been tampered he'll know

Man know the game, lidocaine, novocaine  
Hide your pain up your nose again  
Sniff that till you don't know your name
