

One Man Soldier

JayKae

Yo
God damn
You can be a top boy I'm a top man
Trust me I got weight and it's not grams
My bredrin had less and he got slammed
Had a man stressed like ah god damn
Can't ever try re-write gods plan
She sucked me off she put it on cam
Now it's out these on her only fans
I'm a one man soldier I am not gang

I roll on my own blood I am not prang
You not Goku you're more gok wan
Half Asian this is not tan
Don't roll with a shank bruv we throw hands
When I go raving blow grading
Strap in the pouch so he won't dance
Loves class a's that's a real romance
If you think Ima wife that please no chance

I don't do bants
Can't be a big man letting off blanks
Taught my son about guard and his stance
Protect my daughter from all these tramps
Mans gotta do that shit in advance
Don't help them if they don't say thanks
Pound for pound man's top of the ranks
One man soldier and they need tanks

I'm 140 champ like Josh Taylor
Might have a chain and you got paper
Round me they feel a lot safer
Don't run I'll make my dog chase ya
Man stay fresh but I'm not raider
I'm invasion I will invade ya
Back then life was a lot greater
Recently Brumtown lost major

Salute, spark my zoot
Wanna be me but they can't my yout
One man soldier they aren't my troops
Solo ting never roll in groups
Fuck my enemies like there's 10 of me
I've got energy they need scoops
Bigger the ho the bigger the hoops
And next day I take her boots, no excuse

Yeah, weed blazer
See me up town in a tweed blazer
Had a bait face from a teenager
Mans done with playing the peace maker
Girls got me on their screen saver
Independent never been major
Always got somebody banging my line
I'm busy right now call me later

Yeah, gonna put an 'ole in a man

No Solskjaer better tap in like Sherringham
22 like Bellingham
Blues not Everton same way man still get it in
It could be Winson Green or Featherstone
Same way man still settle in
Talk shit but now your back pedaling
Blood when I jump on the beats I just bury 'em

Send geezas straight through your windows
Don't want drama best you don't bring us
I used to wrap weed in clingers
Anything you want I got that just ring us
Make less noise on electric bikes
Sur-ron all day over a dingers
See me I know real life ninjas
Straight 10-10s I don't deal with mingers
Behave yourself man
