

Broken Record

Jayme Dee

Woke up today
Smile on my face
And my heart beat thumping
Since I met you
Stuck on the tune
That I can't stop humming
Caught in the groove
Watching you move
Such a perfect rhythm
Crank up the sound
Cause I wanna hear that music louder

Spinning 'round in my head all day
Something smooth like Marvin Gaye
Turn it up
Let it play forever
Like a broken record
Talking sweet like a serenade
Memorizing every word you say
I could dance to your beat forever
Like a broken record
Broken record
Broken record

Number one fan
This is my jam
Let me hear it one more time
Biting my lip
Give it a kiss
You know we make the perfect rhyme
Nowhere to be
Just you and me
Writing a brilliant symphony
Crank up the sound
Cause I gotta hear that music louder

Spinning 'round in my head all day
Something smooth like Marvin Gaye
Turn it up
Let it play forever
Like a broken record
Talking sweet like a serenade
Memorizing every word you say
I could dance to your beat forever
Like a broken record
Broken record
Broken record

Let me hear our song on the radio
I'll be singing every single note
I gotta say I really really like your flow
Push, play, repeat
And turn up the beat

Let me hear our song on the radio
I be singing every single note
I gotta say I really really like your flow

Push, play, repeat
And turn up the beat
Let's go

Spinning 'round in my head all day
Something smooth like Marvin Gaye
Turn it up
Let it play forever
Like a broken record
Talking sweet like a serenade
Memorizing every word you say
I could dance to your beat forever
Like a broken record

Spinning 'round in my head all day
Something smooth like Marvin Gaye
Turn it up
Let it play forever
Like a broken record
Talking sweet like a serenade
Memorizing every word you say
I could dance to your beat forever
Like a broken record
Broken record
Broken record
