

# Heartbreaker

Jayme Dee

I put on this dress for you  
Bet you're dreaming you could take it off  
Standing in my high heel shoes  
Seems as if your eyes can't get enough  
Am I the girl for you? Probably not, but you're pretty hot  
Didn't say you're going to, but don't fall in love with me  
I'm a heart breaker gotta let you know  
I'm a risk taker if you want to go with me  
Don't you cry when it's time for good bye, love  
Au revoir, c'est la vie, fly away dove  
I'm a heartbreaker and my soul is free  
I'm a gonna take you on a ride but promise me  
Don't you cry when it's time for good bye, love  
Au revoir, c'est la vie, fly away dove

Heard they wrote a song about me, called the ballad of Jayme Dee

I never meant to hurt no one, I was only having fun  
That's why you should stay out of the kitchen, you get the burn  
Haven't you learned, you've been warned but I'm just fishing, don't fall in love with me  
I'm a heart breaker gotta let you know  
I'm a risk taker if you want to go with me  
Don't you cry when it's time for good bye, love  
Au revoir, c'est la vie, fly away dove  
I'm a heartbreaker and my soul is free  
I'm a gonna take you on a ride but promise me  
Don't you cry when it's time for good bye, love  
Au revoir, c'est la vie, fly away dove

Stop now

You are the one who is bruised now  
You'll be falling and I don't got the patience  
To sweep up the pieces and put you together again, oh again

'Cause I'm a heart breaker, gotta let you know  
I'm a risk taker if you want to go with me  
Don't you cry when it's time for good bye, love  
Au revoir, c'est la vie, fly away dove

I'm a heartbreaker and my soul is free  
I'm a gonna take you on a ride but promise me  
Don't you cry when it's time for good bye, love  
Au revoir, c'est la vie, Fly away dove
