Don't You Know

Jaymes Young

I've been walking in the moonlight looking for you
I got nobody but my shadow to get me through
So put your lips on my scars and teach me to love
Give my slow heart the rhythm of a blood drum

I don't want you to go
I need more of you in my life
Nobody should be alone
Please let me take you home tonight

Oh, don't you know that I
Don't you know I want you so bad
And every night I call for you
Don't you know that I
Don't you know I want you so bad
I'll do anything to touch you
Don't you know that I
Don't you know that I'm going mad
And in the moment I would fall for you
Don't you know that I
Don't you know I want you so bad (so bad)
I'll do anything to love you

Take a look at these mountains I'm moving for you
I'm gonna light the dynamite, I'm gonna break through
'Cause I know all the ways to appreciate your design
I'm a damn good lover, shivers up your spine

I don't want you to go
I need more of you in my life
Nobody should be alone
Please let me take you home tonight

Don't you know that I
Don't you know I want you so bad
And every night I call for you
Don't you know that I
Don't you know I want you so bad
I'll do anything to... oh
Don't you know that I
Don't you know that I'm going mad (going mad)
And in the moment I would fall for you
Don't you know that I
Don't you know I want you so bad
I'll do anything to love you

Ohh, ohh
Oh, don't make me beg you please
Ohh, ohh
When I know you were meant for me

Don't you know that I
Don't you know I want you so bad
I would fight in a war for you
Don't you know that I
Don't you know I want you so bad

Oh, don't you know that I
Don't you know I want you so bad
And every night I call for you
Don't you know that I
Don't you know I want you so bad
I'll do anything to touch you
Don't you know that I
Don't you know that I'm going mad (going mad)
And in the moment I would fall for you
Don't you know that I
Don't you know I want you so bad (so bad)
I'll do anything to love you
