

Naked

Jaymes Young

You're the only one who knows my demons
Only your eyes have seen my skeletons
Wearing all my scars for you to feel now
Smoothing them over with your loving hands
'Cause there are no secrets that I keep from you
And there are no lies upon my tongue

For you I am naked
There's nothing to hide inside the dark
My ego is wasted, as I let you open up my heart

For you I am naked
For you I am naked

Now's the only time to let my dark side show
'Cause you understand that I'm only flesh and bones
You help me forget the shape like my favorite chemicals
Straight through my body and let you see my soul

For you I am naked
There's nothing to hide inside the dark
My ego is wasted, as I let you open up my heart

For you I am naked
For you I am naked

I forget my pride, don't care about my place
When we're alone
Oh conscience this time, don't get in my way

For you I am naked
There's nothing to hide inside the dark
My ego is wasted, as I let you open up my heart

For you I am naked (for you)
For you I am naked
For you I am naked
For you I am naked
