

# One Last Time

Jaymes Young

I'm fading  
Much too fast, my love  
I'm waiting  
For it to pass, my love

Could I feel your skin on mine  
Before I have to say goodbye  
Could I breathe, please, one last time  
You're in my lungs before I curl up  
And die  
All my world is losin' light

I'm leaving  
This cold world of mine  
No pleading  
Is gonna turn back time

Could I feel your skin on mine  
Before I have to say goodbye  
Could I breathe, please, one last time  
You're in my lungs before I curl up  
And die  
All my world is losin' light
