

# Choosy

JayO

You know you're getting choosy, choosy  
Dunno what you want  
But you're heading to me, to me  
Did shit inna your past  
Now you're running to me, to me  
Dunno what you want  
But you're getting choosy, choosy  
Choosy, choosy

You said you dunno what you want  
Said you had a past  
Can't settle for anybody in your draws  
Me, Imma tell you exactly just what you want  
Nobody to tell you exactly where you're wrong  
You know you can't sekkle down  
You been doing rounds  
Round after round  
Lost memory, can't count  
Why's it me you want when nobody's around  
Only if I allow  
Wanna fuck and make you bounce

You know you're getting choosy, choosy  
Dunno what you want  
But you're heading to me, to me  
Did shit inna your past  
Now you're running to me, to me  
Dunno what you want  
But you're getting choosy, choosy  
Choosy, choosy

See you  
One of a kind yeah  
Nobody to tell you you're badder  
Make a nigga melt  
Five figure wid eight figure  
She nuh need no help  
You only do it to yourself  
The way you're getting dealt  
Confused, like usual  
I'm the only one who's seeing you for you babe  
Lust or love baby you do it too  
Only I want you  
Like nobody else do

You know you're getting choosy, choosy  
Dunno what you want  
But you're heading to me, to me  
Did shit inna your past  
Now you're running to me, to me  
Dunno what you want  
But you're getting choosy, choosy  
Choosy, choosy
