

Fall In Love

JayO

Hello my friend
It's me again
Smell on your neck
Don't disappear
I fell in love
That very day I laid my eyes on you

She was
Ten over ten
Hard to replace
I came with speed
And you set the pace
I made it clear
That very day I laid my eyes on you

Just landed in from Togo baby
You miss me even though you hate me
You say it in the nicest way to me
Don't know whether I love or hate it

Oh when I'm falling
Night till the morning
You keep on calling
It's me you're warning
So baby please don't try to

Fall in love
(Ohhhhhhhhhhh)
Cah we not need no title
To fall in love
(Ohhhhhhhhhhh)
So baby please don't try to
Fall in love
(Ohhhhhhhhhhh)
Cah we not need no title
Fall in love
(Ohhhhhhhhhhh)

You in a fast car speeding
Say you're okay
I know you hurt inside
I'm gonna be straight up
(Straight up, straight up, straight up)

You understand when you don't say nothing
I feel a way, let's discuss it
Maybe I'm in love

Know you want me beside you
Call it denial
Dodging a title girl
But you can't say I'm hiding you

You should just show me
Some little peace of mind
Dreaming and hoping
But never sleep at night

What's with it with you girl
Say what's with it with you

Just landed in from Togo baby
You miss me even though you hate me
You say it in the nicest way to me
Don't know whether I love or hate it

Oh when I'm falling
Night till the morning
You keep on calling
It's me you're warning
So baby please don't try to

Fall in love
(Ohhhhhhhhhhh)
So baby please don't try to
Fall in love
(Ohhhhhhhhhhh)
So baby please don't try to
Fall in love
(Ohhhhhhhhhhh)
So baby please don't try to
Fall in love
(Ohhhhhhhhhhh)
