

Carnage

Jazmin Bean

Cool bitch like Kuromi
Hair long like a pony
I'm a real bitch, no phony
So back off, you don't know me
You messed up like candy
And you say that you can't fucking stand me
Getting clout off of my presence like Brandy
So go reprimand me

Riding my way down the highway (carnage)
No, I won't rephrase politely (carnage)
Crawl up my legs just to spite me (carnage)
No, I won't rephrase politely

'Cause everyone's got a big deal now
I fought for this shit and it's real now (carnage)
And everyone's so out to bite now
It's carnage, it's carnage

No, I don't play nice
Thought I wouldn't bite?
Running for your life
Carnage, it's carnage

Tie me up and throw me away
I'm not a doll that can die or can break
I got a good taste and it's bitter and red
Stuck in your mind creeping under your bed
Don't be scared, I won't bite now
Screaming so loud when I turn the lights out
There's implications to the words that I'm saying
I'm not playing, you better start praying

Draggin' bodies down the driveway (carnage)
This time I'm doing it my way (carnage)
Throwin' me hate while they bite me (carnage)
No, I won't rephrase politely

'Cause everyone's got a big deal now
I fought for this shit and it's real now
And everyone's so out to bite now
It's carnage, it's carnage

No, I don't play nice
Thought I wouldn't bite?
Running for your life
Carnage, it's carnage

No, I don't play nice (Ooh, ah, ooh)
Thought I wouldn't bite? (Thought I wouldn't bite?)
Running for your life
Carnage, it's carnage

To run, to crawl...
To find, my way home
To run, to crawl...
To find, my way home

No, I don't play nice
Thought I wouldn't bite?
Carnage, it's carnage

No, I don't play nice
Thought I wouldn't bite?
Carnage, it's carnage (it's carnage)

No, I don't play nice
Thought I wouldn't bite?
Carnage, it's carnage (it's carnage)

No, I don't play nice
Thought I wouldn't bite?
Carnage, it's carnage (it's carnage)
