

# Super Slaughter

Jazmin Bean

Yeah I know that I'm the shit  
Baby wipes ain't swayin' it  
Yeah my teeth are extra sharp, catching all my prey to slit  
I know that I'm fuckin' creepy, make your momma pray and shit  
Momma, there's a war outside, can I go and play in it?

Sweeter than a marzipan, more evil than a v-villain  
Victorian bitch so it's off with your head, turn the blood into punch and it  
's yummy again  
Super sneaky like a kitty cat, beatin' bitches with my fuckin' bat  
Your hates not taken into account, so get the cash in my bank account!

It's what? Yeah, it's super slaughter  
I keep getting grosser, shit keeps going harder  
And lessons up 'cause there's some shit that's gotta get learned  
If you play with fire then you're gonna get burnt  
If you fuck with Jazzy then you're gonna get hurt

My aura's untouchable flowing like water  
It's a massive massacre, it's super slaughter  
You're liking my pictures, you're drooling like water  
I keep getting bigger, I'm just going harder

I'm just going harder  
I'm just going harder  
I'm just going harder  
I'm just going harder

Draw lines on your face but nah, you never gonna be me  
You're poorly sick, just know that you're dyin' for a freebie  
Try to wipe out this dirty bitch no cleanie  
New video out, I know you're excited to see me

Keep my name in your mouth, now you love the taste  
Smell you talking that shit like a toilet base  
And I can be the bitch that you love to hate  
Hear you screaming my name from a mile away!

Jazmin, Jazmin  
They're all screaming for Jazmin  
Jazmin, Jazmin  
They're all screaming for me!

It's what? Yeah, it's super slaughter  
I keep getting grosser, shit keeps going harder  
And lessons up 'cause there's some shit that's gotta get learned  
If you play with fire then you're gonna get burnt  
If you fuck with Jazzy then you're gonna get hurt

My aura's untouchable flowing like water  
It's a massive massacre, it's super slaughter  
You're liking my pictures, you're drooling like water  
I keep getting bigger, I'm just going harder

I'm just going harder  
I'm just going harder  
I'm just going harder

I'm just going harder
