

Wow, VVS, diamonds dancin' on my neck  
Jazz, KTOE

VV, see me, flashy  
Money press, no khaki, I can't roll with lacky  
Money pop like matadors, see red like Cincinnati  
And my hair stay nappy like that boy from Tallahassee, yeah  
Shawty always stressin', 10 bands in a nightstand  
She so new to the night life, doin' lines in the iPad  
Ooh, shit, my bad, ooh shit, my bad  
I put a M on my price tag, I drove in [?] like a [?]  
She was in love from the moment she see me, but she had her head in the clouds  
She knew I was different, I'm not like them niggas, but she couldn't figure me out  
Still tryna figure me out, I'm tryna get all my figures  
They never noticed when diamonds was missin', but now that I got it, they tr eatin' me different

She turn the stroker on whenever I got the cameras on  
Can't get a handle on her, I let her ride on my handle bars  
Bare skin in the fur, do anything for La Fleur  
Hickies on my neck, VVSs on my chest

Baby, you know you love these, VVS  
Diamonds dancin' on my neck  
Baby, you know you love these, VVS

Yeah, momma said I gotta keep it humble, Jaguar creepin' through the jungle  
No reset, can't undo (woo), look, look, look, what we come to  
Off top, let me stop, I need banks like 50 got  
I need 50 for the ride, the F50, ride it stock  
I harmonize, I keep 'em tough, put it down and heat 'em up  
This a body, I beat it up, niggas talk but not speakin' up  
And my bitch is a diva, screamin' Ave Maria  
And she look like Aaliyah, ridin' foreigners, no Visa

She turn the stroker on whenever I got the cameras on  
Can't get a handle on her, I let her ride on my handle bars  
Bare skin in the fur, do anything for La Fleur  
Hickies on my neck, VVSs on my chest
