

## Cherish

Jazzamor

Time to fade out into dreams  
And quit a world of sounds and schemes  
I close my eyes and leave it all behind  
The moon is calling  
Cocoon is falling  
Hide in a shell and feeling so secure

Cherish the night  
The emotion  
web we weave  
Under delusion  
Cherish our life  
Seems devotion  
- A perfect illusion -

Memories of you and me  
Holydays down by the sea  
Friday movie - the Chinese take away  
At noon I'm leaving  
Soon I'll be retrieving  
what's blazing the trail and givin'me the cure

Cherish my life  
True emotion  
The web I leave  
Of my own motion  
Cherish my life  
Real devotion  
- I'm gone for good -
