

Feel It

Jazzy

Love will lift us up again
Can you feel it, can you feel it
Love will lift us up again
Can you feel it, can you feel it

Love will lift us up again
Can you feel it, can you feel it
Love will lift us up again
Can you feel it, can you feel it

Love will lift us up
Us up again, I know
Love will lift us up
Us up again, I know

Love will lift us up again
Can you feel it, can you feel it
Love will lift us up again
Can you feel it, can you feel it
