

Headrush

Jazzy

Darling, what you want
As long as you keep calling me
Already done it all
In my imagination do it again

You got me turning upside down
My head is on fire
Boy you got my heartbeat dancing
You spin me round and round
Don't you know that I
I feel it every time that

You give me that good love, good love
Ooh whoa oh whoa oh, ooh whoa oh whoa oh
You give me that headrush, headrush
You know what I need
You give it to me

You give me that good love, good love
Ooh whoa oh whoa oh, ooh whoa oh whoa oh
You give me that headrush, headrush
You know what I need
You give it to me

Don't you lie to me
Cause I know that you want it, I know
Feel the inner beats
And get my body talking, do it again

You got me turning upside down
My head is on fire
Boy you got my heartbeat dancing
You spin me round and round
Don't you know that I
I feel it every time that

You give me that good love, good love
Ooh whoa oh whoa oh, ooh whoa oh whoa oh
You give me that headrush, headrush
You know what I need
You give it to me

You give me that good love, good love
Ooh whoa oh whoa oh, ooh whoa oh whoa oh
You give me that headrush, headrush
You know what I need
You give it to me

You give me that good love, good love
Ooh whoa oh whoa oh, ooh whoa oh whoa oh
You give me that headrush, headrush
You know what I need
You give it to me
