

# Touching Heaven

Jazzy

Praying for something I know that you got  
Oh, won't you show me the way?  
And loving and leaving me, no, it's no good  
But here we go again

Because I'm so terrified when I get close to you  
I get close to you, got me rising  
I'm so terrified, I'm so high, that's what you do  
There ain't no way to explain  
It's a feeling, love, and healing  
That I need and I can't go down  
I'm so terrified when I get close to you  
When I'm close to you  
Got me rising

There, there, me rising  
There, there, got me rising  
There, there, me rising  
There, there, got me rising

Breaking me, making me feel so alive  
Excuses, you're wearing me down  
There's something about you that I can't escape  
And we go 'round and 'round

Because I'm so terrified when I get close to you  
I get close to you, got me rising  
I'm so terrified, I'm so high, that's what you do  
There ain't no way to explain  
It's a feeling, love, and healing  
That I need and I can't go down  
I'm so terrified when I get close to you  
When I'm close to you  
Got me rising

Whoa-ah, whoa-ah  
Whoa-ah (got me rising)  
Whoa-ah, whoa-ah  
Whoa-ah (got me rising)

I'm so terrified when I get close to you  
I get close to you, got me rising  
I'm so terrified, I'm so high, that's what you do  
There ain't no way to explain  
It's a feeling, love, and healing  
That I need and I can't go down now  
I'm so terrified when I get close to you  
When I'm close to you  
Got me rising
