

We just leveled up  
We just run it up, turn, turn

Turn up at my door what for with twelve red roses (Like na-na-na)  
Gonna take a whole lot more to pull my focus (Oh, na-na-na)  
On my birthday, custom made, now we talkin' (Oh, yeah-yeah-yeah)  
Roll out the velvet carpet when I walk it, mm

And I don't need no honey, I want more money  
I don't need no honey, I want more money  
Talking that bad bunny, that mad money  
Only get silly for a billion, I said I'ma need a couple more zeros on that

We just leveled up  
We just run it up, turn, turn  
I'ma need a couple more zeros on that  
We just leveled up  
We just run it up, turn, turn  
I'ma need a couple more zeros on that

And I don't need no honey, I want more money  
I don't need no honey, I want more money  
Talking that bad bunny, that mad money  
Only get silly for a billion, I said I'ma need a couple more zeros on that

I have to contend with the pressure  
All those negatives turned me into perfectionist  
How long to send a man into sentiment  
Every day runnin' on the streets, we was levelin'  
We just run it up  
These young niggas comin' up  
Blood, sweat and tears to get this money up  
We just run it up

Catchin' the lightin' how we like it, bodies everywhere  
Drippin' diamonds from the ceilin' like it's Cartier  
Come on, selector, give me pleasure, need a love affair  
Oh, yeah, yeah, yeah, yeah

And I don't need no honey, I want more money (Yeah)  
I don't need no honey, I want more money (Woah, woah)  
Talking that bad bunny, that mad money (Oh)  
Only get silly for a billion, I said I'ma need a couple more zeros on that

Yeah  
I'ma need a couple more zeros on that  
I need it more, uh, yeah (We just leveled up)  
We just run it up, turn, turn  
I'ma need a couple more zeros on that

And I don't need no honey, I want more money (Need more)  
I don't need no honey, I want more money (Yeah, yeah)  
Talking that bad bunny, that mad money (We just leveled up)  
Only get silly for a billion, I said I'ma need a couple more zeros on that
