

# So I Cry

JbDubs

You are so beautiful  
Remarkable  
I just can't let you go  
I'd rather go  
Out of my mind  
Out of my mind  
Maybe in time  
We can rewind

Breathing faster and can't hold it in  
I gotta let it out  
So I cry  
Have you ever seen a grown man cry?  
Have you ever seen a grown man cry?

Synapse fire at the speed of light  
Please heart, not tonight  
Chew my soul up  
Spit it out  
I can't pretend I never had a doubt

I am a broken man  
It's out of hand  
I'm sinking in quicksand  
A slow and heavy hand

Pulling me down  
Pulling me down  
Come pick me up  
Before I drown

Breathing faster and can't hold it in  
I gotta let it out  
So I cry  
Have you ever seen a grown man cry?  
Have you ever seen a grown man cry?

Yeah, we are young  
No, we won't die alone  
I hold my own hand  
Wet with tears she'd by a grown man

Breathing faster and can't hold it in  
I gotta let it out  
So I cry  
Have you ever seen a grown man cry?  
Have you ever seen a grown man cry?

Sad song  
This is a sad song  
Go ahead and cry now  
It's ok cry it out
