Yo

She make it clap in a 4x4
Take time when you're throwin' that back
She say do you love me, I love you more, huh
And I sell for less
Cuh, nobody would've gave her more
She be real to the core
That be the reason, she be the one that I'm gonna take on tour
I learnt that you can't rush love, so this time round I'ma take
my time
There's a fine one now, won't find me a girl when I hit my prim
e
My bae, my slime, no offense when I call you my bitch in crime
She don't know how to act, now I got makeup stains on my Carbon
Clan

I shot my shot like Jar
If there is a problem, test still call
Lately I've been doin' the most, I told you I've been tryna set
the bar

And I love, when you moving words
She give me top of my brethren's card
They wide as fuck like ours are the genie be fucked in a lambo

Don't hush when I'm with Shawty gotta keep it tucked
I get paid like I play for the premier league
What ever you need, don't worry my bae, imma pile it up

She make it clap in a 4x4
Take time when you're throwin' that back
She say do you love me, I love you more, huh
And I sell for less
