

## J4's

JBEE

I look lit in a trackie and Jordan 4s  
I swear that I don't need to ice  
Bro I've been through so many queues  
You would've thought he was sitting in line  
Yo, ay ay

I look lit in a trackie and Jordan 4s  
I swear that I don't need no ice  
Back then the things that I couldn't afford  
No cap I can buy them twice  
Bro I've been through so many queues  
You would've thought you was sitting in line  
You really should've kicked ball like Saka  
But he's in the field like Declan Rice

I won't say that I'm antisocial  
But I hate clout so I'm staying offline  
Them times it was me and bro doing up F  
Anytime I was really online  
And there's so much stress on my mind  
Them boys couldn't survive a day in my life  
Can't remember the last time I spoke to bro  
Feels like we ain't really spoke in time  
Can't lie, all we wanted was money and girls in college  
Huh, ever since they heard I'm a rapper  
A couple of bad ones wanna give man knowledge  
I'ma slide, if you're on it  
I don't want love I'ma keep it honest  
If you don't tell none of your girls  
I won't tell your man I promise

I look lit in a trackie and Jordan 4s  
I swear that I don't need no ice  
Back then the things that I couldn't afford  
No cap I can buy them twice  
Bro I've been through so many queues  
You would've thought you was sitting in line  
You really should've kicked ball like Saka  
But he's in the field like Declan Rice

Ay, ay  
They know, I ain't one for the social ting  
So I'm turning ghost gotta keep my circle tight  
Cah I don't really know who's friend or foe  
24 7 I'm grinding cah my bank account needs more 0s  
Back then it was hand me downs  
Now I just put a bag on a brand new coat  
Uh, When I copped me the lambo truck  
Next up it's a private jet  
I don't need no VVS  
Cah I still look lit in a Nike tech  
Gangster clean every time we step  
We had all of the barbies wet  
They've been plotting to take me out  
But they ain't manage to find me yet

I look lit in a trackie and Jordan 4s

I swear that I don't need no ice  
Back then the things that I couldn't afford  
No cap I can buy them twice  
Bro I've been through so many queues  
You would've thought you was sitting in line  
You really should've kicked ball like Saka  
But he's in the field like Declan Rice

But he was in the field like Declan rice  
But he was in the field like Declan rice  
Them boy  
Them boys couldn't survive a day in my life  
Ay, ay, ay ay  
Jordan 4s I don't need no ice
