JBEE

Bad b's been catting to bang
Got hoes from Paris Madrid & Milan
Never came to the mo
Cah it's easier doing sweep up sesh
In the vito van
My London butch won't sit in the whip
She get the ick if the roof ain't pan
Run up a bag
It's easier bagging a ten when you ball like Zidane

She been catting for BBC
But bro's in the back is it's TBC
We had her last year why would you date that
We skip hoes like VBV
Living a movie IRL
Not DVD
Live
I'ma rap boy now
Can't do it myself I send the YN's
For the GBG

How greedy I hit in the coupe
And had your main squeeze on loop
(No lies)
When you've got racks
Shooting your shot, it's easier hitting the hoop
(Splash)
I'm with my homie
So bring a bad one for my dog like snoop
I was ugly like hus
Made bands now they think I'm cute

Ay, when ghost for a sec
Came back still litter than most
Seen that 100K on the gram
Now she don't believe that I'm anti soc-
Getting hot in ends
So I need a 9 bed crib on a country road
We never made it pro
But me and bro gotta ball
Like Vini and Cole

Them man gotta understand
Next deal need way more bands than a 100 grand
Putting in work
They don't know how it feels
When nuttin ain't going to plan
There's 3 man in my set
That's a Y I can't fuck with a 100 man
Taken an L this week
Jugg and repeat
Then wait till the funding lands

I'm stuck on the block tryna make more pound
When I should I've been M A R B S
I dropped racks Ona brand new coupe
Told bro that I'm copping the carti next
Due to buy me a crib
And the one next door
So I grind and I party less
Can I fuck with a dead ting no
Is my main one a Barbie yes
