Clouds passing above in the sky
With a white light, look at the sky
Yes, to me, yes, to me
You're light to me
Louder, woo ya, paint however you'd like
In my heart, blue, are you gonna change this game
He was in a lot of pain, I gain again at your help
Looking at the light of love, a purple color

With beautiful colors
I'll find you in the black and white
With your light, I live
With your light

You came down
So I'm becoming a flower
The light of the sky resembles you
It's so warm and it colors me
You became a light
As you seep into me
The moment you came
I am changing

True colors yeah
When you call my name
True colors yeah
Color me beautifully

Firework, when you come to me and lightly touch me
I can only see you, let's have our own party
More vividly, whisper to me
If you want some more drop that curtain

Looking at you
I think of all the times we spent together
With your light, I live
With your light

You came down
So I'm becoming a flower
The light of the sky resembles you
It's so warm and it colors me
You became a light
As you seep into me
The moment you came
I am changing

I live because of you
With the light you gifted to me
Become more and more blue, more and more white
Keep coloring
You light me up oh oh
You light me up oh yeah whoa

You came down
So I'm becoming a flower
The light of the sky resembles you
It's so warm and it colors me
You became a light
As you seep into me
