

Give In To Me

JC Chasez

Your love is like a candle
Flickers in the dark
You came into my life
And brightened up my heart
With you by my side
I see the love that I wanna feel
Show me your loving baby
Show me that its real

Just take my hand
I'll make you understand
I want you
(I want you)
You want me
(You want me too)
And thats the way its got to be
Now that your here
I'm gonna make it real

Give me the love I need
Give in to me
Just give me the love I need
Hold me, caress me
Give in to me
Hold me, caress me
Give in to me
Give me the love I need
Give in to me
Just give in to me

Your love is like a whisper
(Whisper)
Say what I wanna hear
Well your eyes cry secrets
And my heart will dry your tears
Now I need to have you near me
Your loving I would find
Girl I would hold your heart
Inside and brace your mind

Just take my hand
And I'll make you understand
I want you
(I want you)
You want me
(You want me too)
And thats the way its got to be
Now that your here
I'm gonna make it clear

Give me the love I need
Give in to me
Just give me the love I need
Hold me, caress me
Give in to me
Hold me, caress me
Give in to me

Give me the love I need
Give in to me
Just give in to me

Just give me the love I need
I need your love tonight, sweet lady
I wonder what the nights be like
Without you near me, yeah
Give in to me girl
I need you by my side
Just give me the love I need
I need your loving baby
I need your love
I need you right by my side

Give me the love I need
Give in to me
Hold me, caress me
Give in to me
Give me the love I need
Give in to me
Just give into me
Give me the love I need
Give in to me
Hold me, caress me
Give in to me
Just give me the loving I need
Give me the love I need
Give in to me
All I want is a little love (Give me the love I need)
Give in to me
