

Didn't Know Shit

JC Stewart

There was this boy back when I was 14
Not my type but I know he took my shit seriously
And I couldn't help it but with him I always felt so cool
He cooked me dinner and surprised me with trips
Went abroad and then came back with his suitcase full of gifts
But it was too much too soon so I freaked out and then I call it off

I didn't know shit about heartbreak
I didn't know shit about love then
I ran around breaking hearts everywhere I went
Didn't know how bad it hurts to mend
Yeah I were selfish
Arrogant but couldn't help it
If I knew what I know now
I should've never let it go that far
But I didn't know shit at all
All
I didn't know shit at all
All

When I was 16 I met a girl at home
I thought it was forever for a minute or so
We'd be at the beach until our parents came and picked us up
And I think that we faded out like grown-ups in a film
I slowly stopped texting her I guess
I lost the feeling, oh I know
I should've told the truth instead of drifted out

We didn't knowshit about heartbreak
We Didn't know shit about love then
We ran around breaking hearts everywhere we went
Didn't know how bad it hurts to mend
Yeah we were selfish
Arrogant but couldn't help it
If I knew what I know now
I should've never let it go that far
But I didn't know shit at all
All
I didn't know shit at all
All

Sorry for the ways we
Led you on for days
If we would meet today
It wouldn't be the same
We didn't know shit
Cause we were only kid
So sorry

We didn't know shit about heartbreak
We Didn't know shit about love then
We ran around breaking hearts everywhere we went
Didn't know how bad it hurts to mend
Yeah we were selfisharrogant but couldn't help it
If I knew what I know nowI wouldn'tnever let it go that far
But I didn't know shit at all
AllI didn't know shit at all

All I didn't know shit at all
Sorry for the ways we
Led you on for days
If we would meet today
(Didn't know shit at all)
It wouldn't be the same
We didn't know shit
Cause we were only kid
So sorry I didn't know shit at all
