

I Need You To Hate Me

JC Stewart

You say happiness exists
But you're not sure where it goes
And you don't know how you feel
But you're getting real close
You're keeping me in the dark
But it won't be long, she says
She says I won't like it
But I just gotta hold on, she says

I'm done with all this silence
Russian roulette romances
One slip oh I could light it
Just tell me this is lifeless

I need you to hate me
Baby in the worst way oh
I need you to hate me
Say it to my face I'll go, yeah
Oh, oh, oh, oh
Say somethin'
Oh, oh, oh, oh
Say somethin'

Now I'm talkin' to myself
'Cause I miss your ringtone
You say you're still around
But I'm done and I need to know
You're keeping me in the dark
But it won't be long, she says
She says I won't like it
But I just gotta hold on, she says

I'm done with all this silence
Russian roulette romances
One slip oh I could light it
Just tell me this is lifeless

I need you to hate me
Baby in the worst way, oh
(I need you to hate me)
I need you to hate me
Say it to my face I'll go
(I need you to hate me)

I need you to hate me
Baby in the worst way, oh
I need you to hate me
Say it to my face I'll go
(I need you to hate me, I need you to hate me)
Oh, oh, oh, oh
Say somethin'
(Say somethin')
Oh, oh, oh, oh
Say somethin'
(Say somethin', yeah)
Oh, oh, oh, oh, oh
