

Where To Find You

JC Stewart

Come closer, but don't turn around, she said
I can't look when, when I'm losing my best friend

And we've cried all, we've cried all the tears that we never shed
All the hurt and the pain and the words that we left unsaid

You're right here, but I don't know where to find you
I see your eyes, but there's no love left inside you
Sometimes to really know
You gotta let them go
You gotta let them go
You're right here, but I don't know where to find you
So I gotta go on alone

No, this wasn't in the plan
We're just two ghosts holding each other's hand

And we've cried all, we've cried all the tears that we never shed
All the hurt and the pain and the words that we left unsaid

You're right here, but I don't know where to find you
I see your eyes, but there's no love left inside you
Sometimes to really know
You gotta let them go
You gotta let them go
You're right here, but I don't know where to find you
So I gotta go on alone

Where did you go?
You were beside me
Now everything's gone
You're just a body here

And I don't know where to find you
I see your eyes, but there's no love left inside you
Even though it hurts
I gotta let you go
I gotta let you go
You're right here, but I don't know where to find you
So I gotta go on alone
